

Instant collaboration for remote teams

All-in-one place for your remote team to chat, collaborate and track project progress.

[Get Early Access](#)

Your hub for teamwork

Project discussions, important documents, free food announcements: they all live tidily together in Team. With your team and information in one easily searchable place, collaborating online is as easy as collaborating in person.

Simple task management

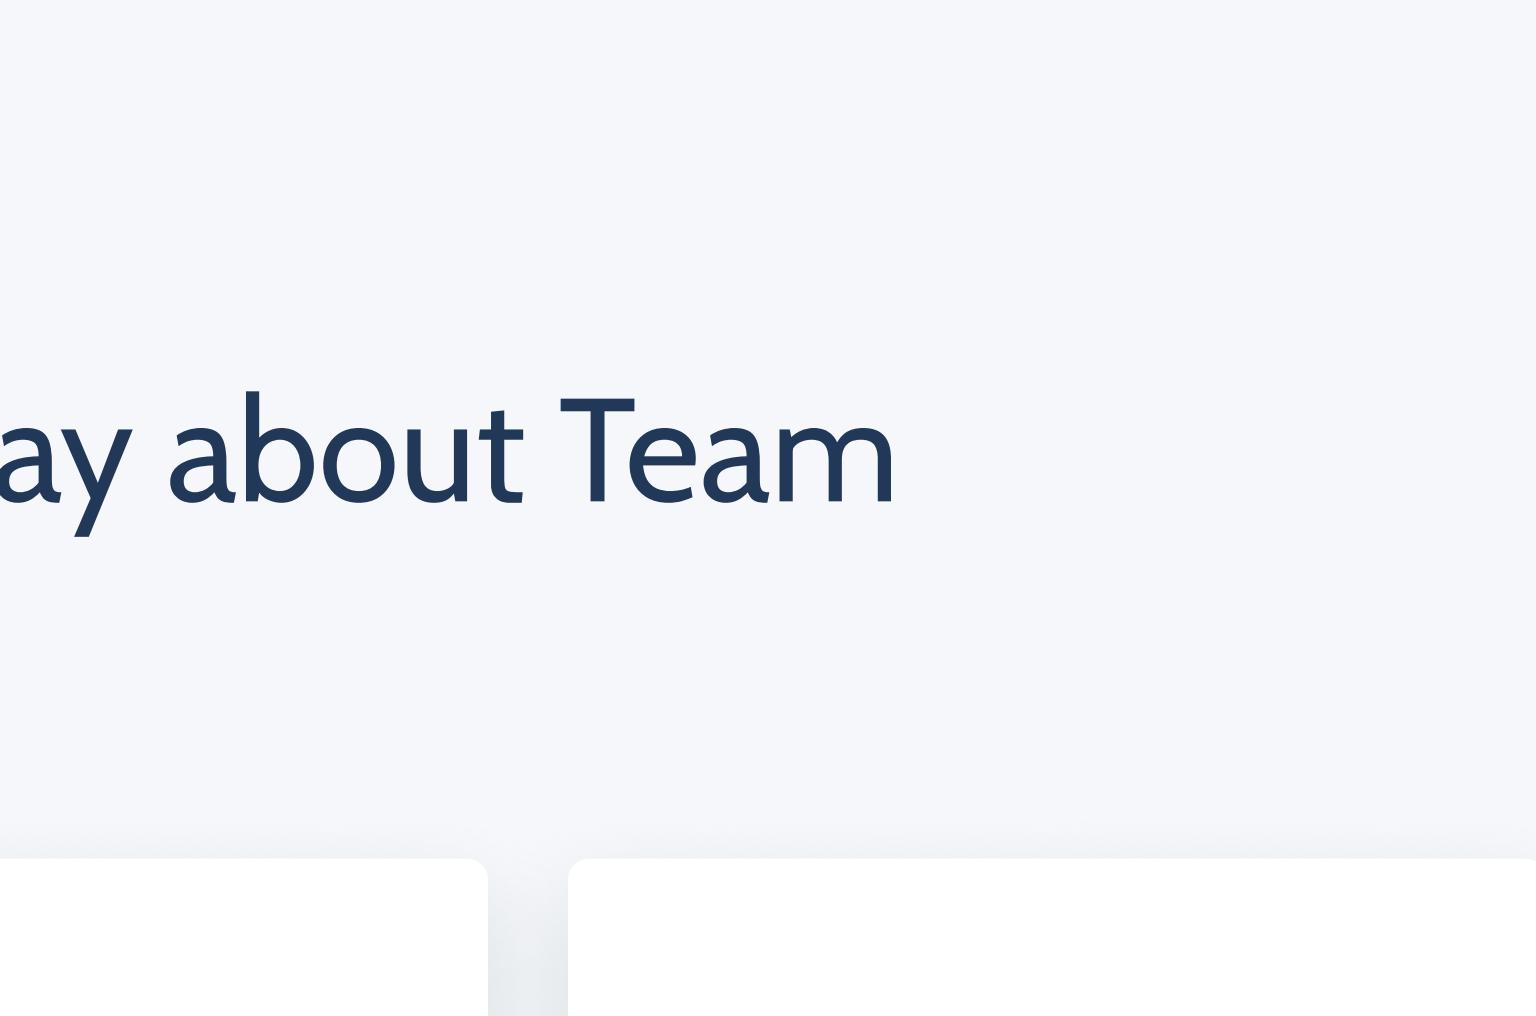

Task management with Team is as simple as it gets. No complicated layout and need for user training. Your team members will intuitively know how to navigate the platform. It's so simple, a baby could do it.

Scheduling that actually works

Integrated a Team calendar with your favorite calendar app, be it Google Calendar or iCal.

Each team member works with their favorite calendar, while all the date is synced with the master calendar.

What people say about Team

Thrilled to try out this early access version! The tools are already looking very useful. Can't wait to see how it develops with our feedback!

Amy Goldburg
CEO of Coca Cola

This platform is amazing! It's boosted our productivity with its intuitive design and real-time updates. Highly recommend!

Kristin Watson
Web Designer

Fantastic tool! Seamless integration and excellent task management features. It's a game-changer for our team.

Leslie Alexander
Marketing Coordinator

Impressive and custom workflow
